Customs Brokerage Service
Streamline your cross-border shipping between Canada and the U.S.
Customs made easy with brokerage service

An integral function in cross-border shipping, customs brokers facilitate the importation of goods by calculating any applicable duties and taxes and preparing the entry for customs on behalf of the importer. Having a trusted partner for these services helps you avoid delays at the border.

Our customs broker-inclusive service designed for YRC Freight customers

- Handles every aspect of your cross-border shipment, with complete brokerage services to and from Canada.
- Simplifies record keeping and payables for you with brokerage fees, customs fees and transportation all on one invoice.
- Delivers confidence through our long-standing partnerships with leading custom brokers.
- Provides a single invoice for all charges.
- Handles customs brokerage for trade show exhibits with expert care.

Note: Parties responsible for paying transportation and customs fees are identified as the Importer of Record or Non-resident Importer, and are responsible for the customs reporting, duties and taxes when shipping internationally.
