YRC FREIGHT'S RETAIL SERVICES.

WE MAKE YOUR DELIVERIES, YOU MAKE MORE MONEY.

Many big retailers are shrinking their delivery windows from 3 days to 1, so being on time is more important than ever. Miss a delivery window, and not only will it affect your retail scorecard, it will also cost you money and premium shelf space.

With **YRC Freight's Time-Critical One Day Window** service, we guarantee* an on-time delivery. And if we need to, we'll store your freight free for up to 48 hours. It's a small price to pay compared to the cost of missing a delivery window.

EXAMPLE:

Vendor Invoice to Retailer (cost of goods)	▶ \$10,000
Retailer Chargeback (5% cost of goods)	▶ -\$500
Payment Amount from Retailer to Vendor	▶ \$9,500

TOTAL FINE of \$500 plus impact to scorecard and shelf placement

YRC Freight Time-Critical Window Sample Shipping Cost ▶ \$60

Average Upcharge on a \$150 shipment

POTENTIAL TOTAL SAVINGS USING TIME-CRITICAL WINDOW ▶ **\$440**

Our expert retail services will help you hit those windows, keep you in compliance, and ultimately, put more money in your pocket.
