## **RETAIL SUPPLY CHAIN** MORE CONTROL OVER YOUR RETAIL SHIPMENTS

HOW SHIPPING IS DONE.

When it comes to reliability, consistency and accuracy for retail shipments, you don't need to look any further than YRC Freight. Retail requirements are constantly changing and becoming increasingly complex, but our Guaranteed Multiday Window and Time-Critical Window LTL services are designed to hit the narrowest of retail delivery windows. And for when you don't have a delivery window requirement, our Accelerated service provides excellent reliability. Because we own our own trucks, our pricing is consistent and we'll always have the capacity to meet our customer's demands. It also means your shipments will always be moving—and not sitting idly in a consolidation warehouse.

**YRC FREIGHT HAS EVERYTHING YOU NEED TO TRANSPORT RETAIL SHIPMENTS QUICKLY AND EFFICIENTLY.**
