YRC FREIGHT FITS YOUR SUPPLY CHAIN

**HOW SHIPPING IS DONE.**

In today's business world, everyone is expected to wear a lot of hats. Because of that, keeping your shipping processes simple and easy to manage is key. That's why YRC Freight offers more engagement options than ever. Our API and EDI functionality integrates with your TMS, saving you time on data entry and improving data accuracy. We also have an array of web tools at [yrcfreight.com](http://yrcfreight.com) or login to your [my.yrcfreight.com](http://my.yrcfreight.com) for personal tools specifically for your business. And 24/7 we're available for call, email or live chat.

# THERE ARE MORE WAYS TO ENGAGE WITH YRC FREIGHT THAN EVER.

## MORE WAYS TO CONNECT MEANS YOUR JOB JUST GOT EASIER.

### ENGAGE VIA API:

APIs allow your site to communicate with our products and services. They do this by retrieving detailed information about your LTL shipping business with YRC Freight.

- Terminal information
- Tracking information
- Rate Quotes
- Document review
- Invoicing

### ENGAGE VIA EDI:

EDI provides a method of transmitting business data from one computer to another without the need to retype the data. This electronic link can result in more effective business transactions.

- Pickup requests
- Invoicing
- Transmit BOLs
- Tracking

### ENGAGE VIA WEB OR CUSTOMER SERVICE:

You can manage your shipments, answer questions, or talk to a customer service representative 24/7 on [yrcfreight.com](http://yrcfreight.com), [my.yrcfreight.com](http://my.yrcfreight.com) or calling our Customer Service Center.

- Easy to use tools available at [yrcfreight.com](http://yrcfreight.com)
- Tools and information specific to your business at [my.yrcfreight.com](http://my.yrcfreight.com)
- 24/7 support via email, live chat or phone

**THE LESS YOU HAVE TO THINK ABOUT YOUR SHIPMENT, THE BETTER.**

Let YRC Freight help establish API and EDI connections to your TMS and you'll always just be a click away from your freight.
