

Dedicated Equipment
Flexible, reliable ground service, tailored to your large shipments

Specialized Solutions

Unique transportation needs call for specialized equipment and solutions. YRC Freight delivers:

- Expedited solutions
- Multiple types of equipment, including flatbed, air-ride and temperature-controlled trucks
- Guaranteed and non-guaranteed options
- Dedicated equipment for scheduled ground service
- Hazardous material capabilities
- Ability to spot equipment at your location

Oversize, heavy or high volume shipping made easy

With our flexible Dedicated Equipment service, YRC Freight can help you replenish your warehouse inventory or move an entire warehouse of goods, ship steel rebar to a job site or transport frozen peas to a grocer's distribution center. And if you're trying to make a sailing, we can get your cargo to the port, fast.

Dedicated Equipment service means Confidence Delivered.®

- Exclusive use of ground equipment, including 48' and 53' air-ride equipped dry vans.
- Minimal handling of your shipment: Once loaded, it remains untouched and moves quickly to its destination.
- Rates based on mileage, not weight.
- Flexible customer-defined delivery date and time options, including weekends.
- The reliability and commitment you've come to expect from YRC Freight service professionals.

We're dedicated to your success

As an option, when you select YRC Freight Time-Critical™ Dedicated Equipment service, you'll get:

- Fast transit without the expense of airfreight.
- Access to specialized equipment, including cargo vans, flat beds, reefers, and more, where and when needed*.
- Personal attention throughout the move, with regular updates and pre-delivery notification.
- 100% customer satisfaction guarantee.**

*Based on normal terms and conditions.

** Subject to applicable Tariffs and Rules and Conditions Publications
