

White Glove
Specialized handling for sensitive shipments

More than “Handle with Care”

Our White Glove capabilities provide high-quality, flexible solutions when shipping sensitive cargo to residences or businesses. This means going beyond careful handling of your shipments.

YRC Freight White Glove services are engineered for damage-free deliveries. In addition, you and your customers will have full online tracking visibility, from pickup to delivery. And all deliveries are made at an agreed-upon appointment time.

Choose the service that meets your needs

Standard Threshold Delivery

Delivery to driveway, curbside, front step, front door or inside garage

- Features liftgate-equipped trucks

Premier Inside Delivery

Inside delivery to a room of choice

- Includes 30 minutes of service for de-skidding, placement, and debris removal to an off-site receptacle
- Features liftgate-equipped trucks

Premier Plus Inside Delivery

Premier Plus offers all the features of Premier Inside Delivery, plus:

- Access to additional time and personnel for greater flexibility
- Deliveries up or down multiple flights of stairs
- Light set up

When time is critical, YRC Freight delivers

Add YRC Freight Time-Critical™ service to your White Glove shipment for guaranteed expedited deliveries to meet any need and any speed, whether that means your shipment travels on the ground or in the air. With Time-Critical, we'll deliver on the date and time specified, even weekends and holidays.

Our White Glove solutions are engineered to:

- Fulfill e-commerce, catalog and traditional retail orders
- Handle office installations
- Manage display swap outs
- Move fragile electronics or large equipment
- Support returned goods activities
