

Date: 05/23/19

Attention: Accounts Payable Manager

RE: EFT

An inquiry from your company regarding Electronic Funds Transfer has been referred to my attention for a response.

We are pleased to accept your payment for freight charges by Electronic Funds Transfer, at your convenience. The attached information sheet provides our bank specifics.

In order to ensure that your account is properly credited for EFT payments, we require the following:

1. A **detailed remittance statement** e-mailed (remitproccad@yrcw.com) to us prior to the transfer of funds to our bank account.
2. Notification of the specific date funds will be transferred, in order that we can post the credits to your account the same day.

Should you require any further information in order to proceed, please advise.

Regards,

Payment Processing Team
